

## **DATRON** Dental Milling Tools Compatible with Kavo Everest milling systems

DATRON dental milling tools compatible with Kavo are always the safe choice. The Weldon surface allows DATRON Dental Milling Tools to be used with all standard Kavo Everest systems. Used with your Kavo dental milling machine, DATRON Dental Milling Tools offer maximum precision and aesthetic machining results at an outstanding price-performance ratio.

Take advantage of our innovative solutions and our comprehensive range of DATRON milling tools.

### Your benefits at a glance:

- Top tool life with milling tool coatings optimised for the specific milling materials
- High precision for milling zirconium oxide, PMMA, wax and composites
- Weldon surface ensures compatibility with Kavo Everest milling systems

### DATRON Dental Milling Tools

- For all standard dental milling machines and materials
- Top tool life and quality with excellent price-performance ratio
- Maximum surface quality of milled indications
- Wide range and 100% availability
- Manufacture of specialised and custom milling tools
- All milling tools available separately
- Staggered rebates for single-product orders
- 4% discount for direct debit authorisation  
Please contact [rechnungswesen@datron.de](mailto:rechnungswesen@datron.de) if you have any questions about a direct debit authorisation
