

DATRON Dental Milling Tools Compatible with Sirona MCX5 milling systems

DATRON dental milling tools compatible with Sirona are always the safe choice. Among other features, DATRON dental mills are enhanced with a diamond coating, thus providing higher durability at more favourable machine hour rates. Used with your Sirona MCX5 dental milling machine, DATRON Dental Milling Tools offer maximum precision and aesthetic machining results at an outstanding price-performance ratio.

Take advantage of our innovative solutions and our comprehensive range of DATRON milling tools.

Your benefits at a glance:

- Long tool life and outstanding price-performance ratio
- Highest DATRON quality on your Sirona MCX5 machine system
- High precision for milling zirconium oxide, PMMA and wax

DATRON Dental Milling Tools

- For all standard dental milling machines and materials
- Top tool life and quality with excellent price-performance ratio
- Maximum surface quality of milled indications
- Wide range and 100% availability
- Manufacture of specialised and custom milling tools
- All milling tools available separately
- Staggered rebates for single-product orders
- 4% discount for direct debit authorisation
Please contact rechnungswesen@datron.de if you have any questions about a direct debit authorisation
