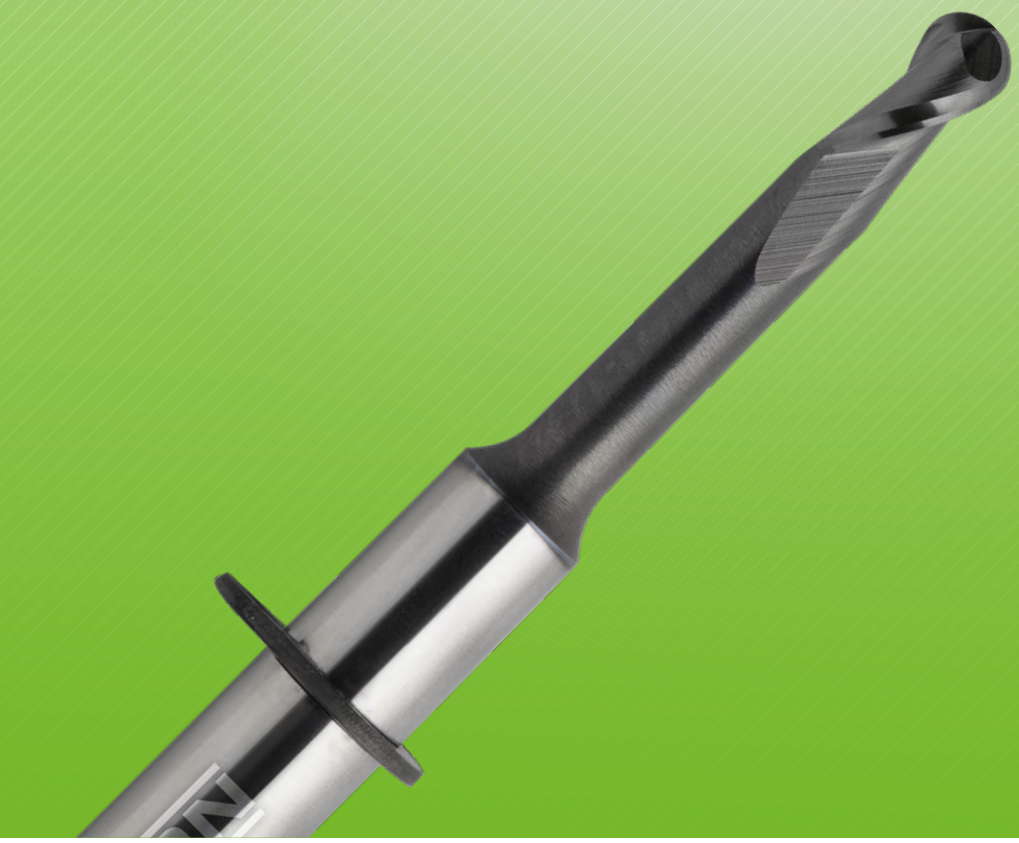
DATRON
Dental CAD/CAM



DATRON Dental Milling Tools
Compatible with VHF milling systems

DATRON dental milling tools compatible with VHF are always the safe choice. With the extension of the range DATRON Dental Milling Tools are suitable for every indication. With our new milling tools you can now machine CoCr and titanium on your VHF system. Used with your VHF dental milling machine, DATRON Dental Milling Tools offer maximum precision and aesthetic machining results at an outstanding price-performance ratio.

Take advantage of our innovative solutions and our comprehensive range of DATRON milling tools.

Your benefits at a glance:

- Long tool life, resistant to oxidation and thermal stability with X.CEED coating
- Top DATRON quality with your VHF milling system
- Maximum precision when milling CoCr and titanium

DATRON Dental Milling Tools

- For all standard dental milling machines and materials
- Top tool life and quality with excellent price-performance ratio
- Maximum surface quality of milled indications
- Wide range and 100% availability
- Manufacture of specialised and custom milling tools
- All milling tools available separately

- Staggered rebates for single-product orders
- 4% discount for direct debit authorisation
  Please contact rechnungswesen@datron.de if you have any questions about a direct debit authorisation
- Delivery anywhere in Germany on work days
  generally with the next 24 hours without surcharge for order received by 2:00 pm
- Scheduled deliveries throughout Germany
  with delivery charge starting from €25.00
- Worldwide distribution network
